FSC® Certified Materials

South Asia Pacific and Sub-Saharan Africa Portfolio 2018

At Avery Dennison, we are committed to source 100% certified paper by 2025, of which 70% will be FSC (Forest Stewardship Council) certified.

Today in the SAPSSA region, we offer approximately 60% of our paper facestock* with FSC certification. With more than 1700 active FSC products to choose from and with uncompromised Avery Dennison product performance, we offer the largest FSC certified portfolio in the industry.

Note: As a label converter you can transfer FSC certificates to customers as long as you have achieved FSC certification; this is required in order to maintain the FSC Chain of Custody. [Watch this video](#) to learn more about the growing demand for FSC labels and how to become FSC COC certified.

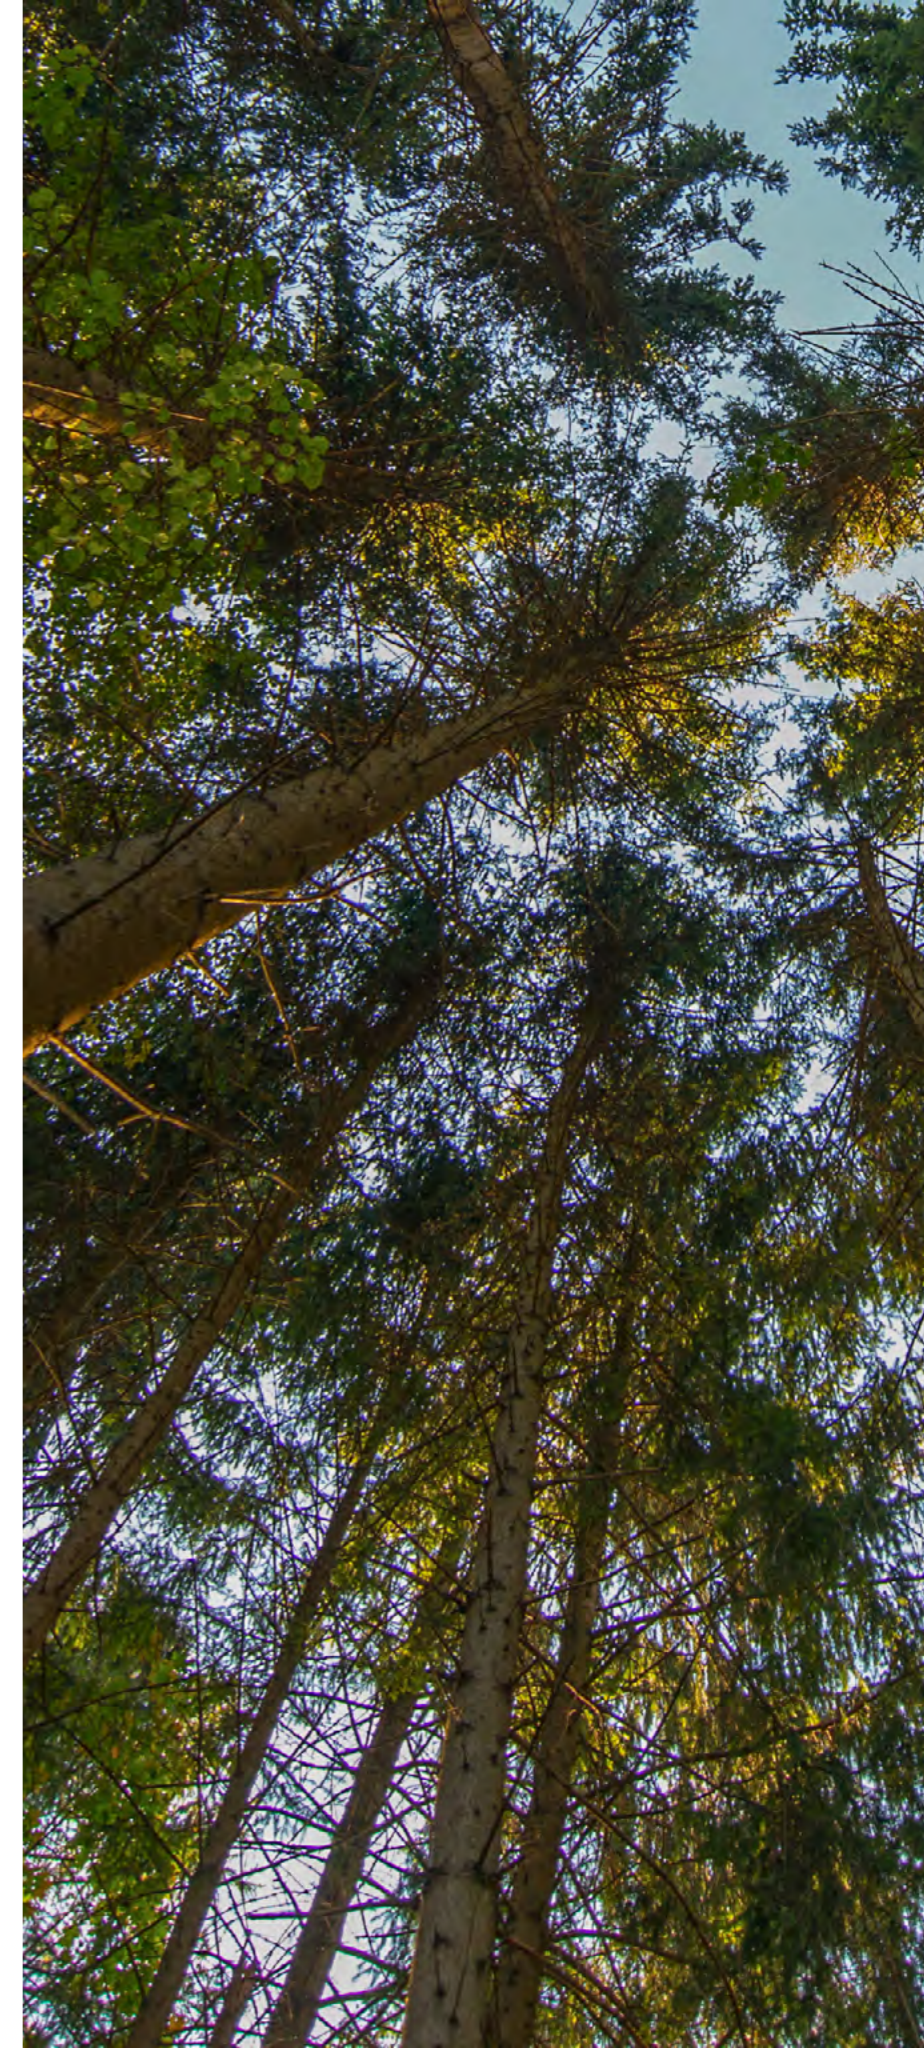

[Visit our website](#) to learn more about other sustainable solutions from Avery Dennison.

**Avery Dennison is a holder of Forest Stewardship Council™
Chain-of-Custody (CoC) certificate number for the following regions:**

Australia/New Zealand:	SGS-COC-004235
ASEAN:	SGS-COC-005041
South Africa:	SGS-COC-010380
South Asia:	SCG-COC-010353

* Excludes Graphics Solutions
