

Select Solutions™ Cover-up Portfolio

High-opacity barrier coating on paper or film corrects errors and covers-up outdated information on packaging, labels and containers.

Typos, changes, omissions, updates ... no matter the mistake or need to re-label, Avery Dennison's Select Solutions Cover-up portfolio can make it right.

Available in a variety of facestocks with a range of adhesives from removable to hammerlock for heavy holding, our Cover-up papers and films are suitable for many applications – and many application environments. Cardboard, wood, textured surfaces ... no matter the material, Cover-up has it covered, obscuring information and multicolor graphics even on clear containers. Sell it to brand owners or use it on press to re-run jobs – Cover-up cuts the high cost of having to start over from scratch.

Lay-flat liner option available for sheeted applications.

Portfolio Components

- > Durable, pressure-sensitive films, coated and uncoated papers
 - Gloss
 - Trans Thermal
 - Inverted Metallized Primax®
 - Semi-gloss
 - Direct Thermal
 - Inverted Foil
 - Matte Litho
 - All-Temperature
 - Hammerlock
- > A range of adhesives
 - Removable
 - All-Temperature
 - Hammerlock

Portfolio Characteristics

- More cost-effective and convenient than removing old labels or replacing entire packages
- Easily masks obsolete variable information, barcodes and pricing
- New data is easy to read and completely scannable

Applications

- Logistics and Transport
- Food and Retail Promotions
- Pharmaceutical
- Home and Personal Care
- Industrial Chemical Labeling
